## Section 2: Academics Standards and Criteria

### The 21<sup>st</sup> Century CPCA CANDIDATE Certification Process

The CPCA Board in 2010 commissioned an objective examination of USDE recognized Accrediting Agencies accreditation processes completed in 2014. We compared them to the existing CPCA certification process. The CPCA purpose was to create the 21<sup>st</sup> Century CPCA Certification process comparable to USDE recognized Accrediting Agencies' academic and administrative standards for faith based institutions. The 21<sup>st</sup> Century CPCA Certification process excludes the massive USDE accreditation requirements pertaining to receiving US government grants, loans, and Title IV funds. The CPCA process recognizes faith based economic principles.

Accepting US government funds leads to "whoever pays the piper has the right to call the tune." First, this allows government to have requirements that violate God's faith based principles in the Bible. Second, this has and continues producing students having massive amounts of student loan debt. Therefore, the CPCA encourages students to avoid the student loan debt trap and CPCA institutions to avoid US government funding.

The CPCA certification process requires affirmation of compliance with 21<sup>st</sup> Century CPCA Certification process standards patterned after historical United States educational institutions that were founded on faith based principles.

The CPCA encourages each of its member institutions to be certified with 21<sup>st</sup> Century CANDIDATE CPCA Certification process. This enables CPCA certified institutions to achieve; distinguished membership levels in the CPCA, academic and administrative standards comparable to USDE recognized Accrediting Agencies', avoid the US government funding trap, and having the achievements published on the CPCA world wide web.

The CPCA Certification Coordinator facilitates the CPCA Certification process. The Certification Coordinator has been provided with a Tracking Form to monitor progress of required information. Completing CPCA CANDIDATE Certification takes teamwork from designated individuals who know the required information providing it to the Certification Coordinator. It is important to remember that line upon line, precept upon precept, and one step at a time will achieve success for the CPCA CANDIDATE Certification.

The CPCA Certification Coordinator will make a copy of the 21<sup>st</sup> Century CPCA CANDIDATE CERTIFICATION MANUAL from their CPCA Cloud Certification folder. Distribute a copy of the Worksheets to designated individuals who know the required information to be provided to the CPCA Certification Coordinator.

## Section 2: Academics Standards and Criteria

### II. QUALIFICATIONS AND DUTIES OF FACULTY, INSTRUCTORS, and STAFF

#### II.A. Faculty/Instructors/Staff

The institution has a sufficient number of qualified instructors/faculty to give individualized instructional service to each student. The institution maintains files containing the resumes and official transcripts of its faculty/instructors. Faculty are carefully screened for appointment, and are properly and continuously trained with respect to institution policies, learner needs, instructional approaches and techniques, and the use of appropriate instructional technology. The institution has clear, consistent procedures to evaluate faculty performance.

1. a. Provide evidence that the institution has a sufficient number of qualified instructors/faculty to give individualized instructional service to each student.
- b. Provide the faculty-to-student ratios for each course.
- c. Provide resumes for each faculty member.
2. a. Provide in a table with the names and qualifications of each faculty/instructor member (an academic/educational degree that is at least one higher than the degree awarded by the program in which he/she teaches and/or the appropriate specialized credentials).
- b. List the courses taught by each faculty/instructor.
- c. List other professional experiences that qualify him/her for the position including any special training they have received in distance learning.
3. Explain how the institution maintains files containing the individual credentials of instructors/faculty and how the institution validates individual resumes and transcripts. (As a minimum, the institution must have an original transcript in its files for the person's highest level degree earned.)
4. Describe how faculty are carefully screened for appointment, and are properly and continuously trained with respect to institution policies, learner needs, distance learning andragogy, instructional approaches and techniques, and the use of appropriate instructional technology.
5. Demonstrate that the institution has clear, consistent procedures to evaluate faculty performance. Provide sample evaluations.
6. Explain any training programs provided the faculty/instructors.
7. If outside instructors/faculty, consultants, technical advisors, subject matter specialists, or other such individuals are used, explain the criteria for hiring them, identify who supervises them, and how they are supervised.
8. Explain how instructors/faculty assists in developing and updating instructional materials, especially course content.
9. Explain how instructors/faculty are used in the distance study portion of a course, i.e., in assignment/lesson and exam grading, consultation with students, academic counseling, online instruction, course revision, development of study guides, etc.
10. Describe the institution's organizational guides for instructors/faculty.
11. Describe any professional development plan for the instructors and faculty.
12. Provide data on faculty/instructor turnover for the last three years and explain why this turnover occurred.
13. Provide evidence that each faculty member possesses an academic/educational degree that is one higher than the degree awarded by the program in which he/she teaches.
14. Explain any exceptions that were made and documented for professionals whose experience and reputation qualified them for appointment as part-time or adjunct faculty members.

15. Describe the policies and procedures for preventing and/or resolving complaints and/or conflict or interests against faculty and state where they are published and made available to all students.
16. Document that all faculty involved with doctoral students have doctoral/terminal degrees in relevant field of study from other appropriately institutions.
17. Explain how the dissertation committee consists of at least three members, and that all committee members demonstrated appropriate scholarship, experience or practice in the subject area. (In lieu of a dissertation, doctoral degree programs may require a project where such a project is consistent with accepted practice at other appropriately certified institutions.)
18. Explain how the dissertation committee includes at least two members who earned their doctoral degrees from appropriately certified institutions other than the awarding institution.
19. At the point of the dissertation, explain how students have the option of nominating their dissertation members or major professors, and how the institution makes the final decisions.

### Section 2: Academics Standards and Criteria

#### **II.B. Professional Growth:**

An institution demonstrates its interest in improving instruction through upgrading faculty and staff. Faculty and staff are encouraged to become members of professional organizations, to review and apply relevant research, to pursue continuing education or training in their respective fields, and to enhance their skills in developing and using electronically delivered, online, or other forms of distance study.

1. Identify professional organizations with which the instructors/faculty and staff are affiliated, and explain their involvement with each.
2. List the names of instructors/faculty and staff and the relevant professional meetings they have attended during the past two years.
3. Explain how the staff is active in CPCA activities. List any meetings attended, courses completed, etc.
4. State what training and self-development efforts are sponsored or are encouraged by institution's management for the professional development of faculty, instructors, and staff.
5. Describe any in-house training programs for instructors/faculty and staff.

### III. Academics - Admission Practices and Tuition Policies, Collection Procedures, and Refunds

#### III.A. Admission Practices

The admissions policies, requirements, and practices of the institution fully conform to CPCA Standards.

1. Provide the institution and program admission requirements. Explain and document how the institution discloses in writing the scope and nature of its courses/programs, and its educational and training objectives, and how the institution protects student privacy.
2. Document where the institution states that it does not discriminate in its admissions because of race, sex, color, creed, age, religion, or national origin in admitting students.
3. Explain the process for establishing the program admissions policies. Explain how the institution establishes the qualifications that an applicant must possess to successfully assimilate the educational materials.
4. Describe any evidence that shows that students who meet the minimum admission standards can achieve the announced objectives of the course/program. Explain how the institution determines with reasonable certainty, prior to acceptance of the applicant, that the applicant has been informed of and has proper qualifications to enroll in the course/program.
5. Document how the institution makes certain that the applicant was informed that he/she had been accepted into the program and that the official transcripts or required documentation must be received by the institution within one enrollment period not to exceed 12 semester credits, or the student will not be accepted into the program.
6. Explain what controls ensure that the admissions policy, requirements, and practices are consistently and uniformly applied. If the institution enrolls a person *not* meeting established qualifications for admission, explain and document how it is keeping a record showing the reasons for acceptance of that person.
7. If a specific education level is required for institutional and/or program admission, explain how it is determined, if any exceptions are made, and the basis for these exceptions.
8. Describe how educational requirements for admission are documented (e.g., diploma or transcript).
9. Describe any policies and **procedures** that permit students to receive credit for prior non-school learning. Provide a copy of the policy(ies) and procedure(s).
10. Identify the position of the person who makes acceptance decisions, including those in marginal cases, and explain the criteria used in making these decisions.
11. Identify the principal reasons why students are denied admission by the institution or program.
12. Explain the policies and procedures for informing prospective students of any requirements for governmental or other licensing, certification, or registration procedures, which apply directly or indirectly to the particular areas served by the institution's programs.
13. Explain the procedure for students being admitted and registering online. Describe what documentation the institution requires for online enrollment.
14. Describe the admissions policies, procedures, requirements, and prerequisites.
15. Describe how the institution's admissions standards and process require that applicant students whose first language is not English must pass the TOEFL test with the minimum TOEFL scores for degree programs that are offered in English. Show how admissions records for degree program applicants accommodate the recording of the applicant's TOEFL score or other scores.

16. Describe how any non-U.S. institution transcripts of degree seeking applicants that are not presented in English are either evaluated by (a) an appropriate, competent third party service; or (b) are translated into English by a trained, qualified transcript evaluator fluent in the original language on the transcript. In either case, the evaluator or the service must have expertise in the educational practices of the country of origin. They must include an English translation, along with the original transcript. Both documents must be on file at the institution.
17. State the institution's policies for transfer credits and explain how they are validated.
18. Give the number of students in the last calendar/fiscal year who were awarded transfer credit into your institution and the average number of credits awarded.
19. State the institution's policies and describe the validating procedures for credit for experiential learning and other non-school prior learning.
20. Explain how the person who evaluates academic transcripts or portfolios of experiential learning are properly qualified and trained for his/her assignments.
21. Give the number of students in the last calendar/fiscal year who were awarded credit for experiential learning and other non-school prior learning and the average number of credits awarded.
22. Explain the minimum of doctoral-level semester or quarter credit hours each doctoral program requires to be successfully completed beyond a master's degree, and the maximum number of credit hours that may be earned for the dissertation.
23. Explain how the appropriate time periods for the length of each component of the doctoral degree programs been established by the institution and how are they communicated to potential students and applicants prior to and during the admission process.

#### III.B. Tuition Policies:

Tuition policies are in keeping with the provisions of the CPCA Standards.

1. Describe how the following is verified: Institutions must use Total Course Price in preparing enrollment agreements, calculating refund amounts and collecting student accounts. Total Course Price includes charges for tuition, registration, educational services and instruction. Total Course Price also includes earned financial charges, and any fees that are charged to all students for required services, such as proctoring, technology access, library services, etc. Costs expended for normal shipping and handling for distance courses are not subject to refund.
2. Provide the person(s) name who is responsible for ensuring compliance and reference the appropriate Exhibits:
  - a. The costs expended for optional or special services, such as expedited shipment of materials, experiential portfolio assessment, or other optional services such as dissertation binding, must be disclosed effectively to prospective students and are not subject to refund.
  - b. Institutions employing an admissions review process may charge a one-time non-refundable fee not to exceed \$75.
  - c. If the institution requires or permits students to purchase textbooks or other required materials separately, the institution must make available to the student on its website, catalog, or enrollment agreement “a best effort estimate” of the costs of the textbooks and materials needed for successful completion of course/program. The institution’s textbook pricing policy for new or used textbooks must be fair to students.
  - d. The total course price for any program must be the same for all persons, with the exception of discounts for well-defined groups.
  - e. Any variation in Total Course Price must be *bona fide*. This applies to scholarships, limited time institution aid grants, discount offers, special prices, or announcements of price increases, all of which must occur during a specified period and must state a specific date of execution or termination. The Total Course Price may be varied, and special discounts or payment plans be offered, as long as the Total Course Price remains the same for all enrollees during a specific period of time.
  - f. The institution must disclose to students on the enrollment agreement any additional charges to the student associated with verifying student identity.
3. State whether the total program/course price is the same for all students at a given time (except for allowable discounts). Provide samples of discounts used in the last 12 months.
4. State if price discounts have a published termination date.
5. Explain how any aptitude tests and student contests are administered and how the results are used and related to price discounts.
6. Describe any scholarship programs, indicate the sources of funds for them, identify who selects the recipients, and list the criteria used in selection.

#### **III.C. Tuition Collection Procedures:**

Tuition collection practices and procedures are fair. They encourage the progress of students and seek to retain their good will. The institution exercises its right to protect its finances through collection practices in keeping with sound and ethical business standards. Such practices take into account the comparable rights and interests of the student.

1. Describe in detail the policies and procedures for the institution's collection of tuition.
2. Supply a complete set of all sample notices and collection letters used by the institution.
3. If outside collection agencies are used, provide the name and address of each agency used, and provide copies of the signed contract(s) with each agency and collection procedures used by it.
4. Provide in a sample of the written ethical standards furnished by the institution to any outside collection agencies.
5. Demonstrate that collection notices, letters, forms, and telephone scripts used by collection agencies conform to ethical business practices. Include samples used by each agency.
6. If outside collection agencies are used, state the percentage of accounts that are turned over to such agencies.
7. Explain how the institution monitors each outside agency's adherence to its collection policies and procedures in conformance with CPCA Standards.
8. Explain how collection policies and practices encourage the student to continue with the program of study.

#### III.D. Tuition Refund Policies

The institution recognizes that there are legitimate reasons why enrolled students may not be able to complete their programs with benefit to themselves. Accordingly, the institution has a policy for equitable tuition adjustments or refunds in such cases that conform to CPCA Standards. Records are maintained on tuition refunds and enrollment cancellations to provide a reference source for management analysis.

1. Describe the policies and procedures used in the settlement of students' accounts in cases where there are legitimate reasons why the enrolled students may not be able to complete the program with benefit to them. Provide documentation of refunds and how they are calculated. Include a copy of the refund template used.
2. Explain how refunds to students are made within 30 days after date of request and identify where it is stated that a student may cancel "in any manner."
3. Explain the procedure used by the institution for a student who has paid in full but no longer wants to submit assignments/lessons for grading but wants to receive all of the instructional materials.
4. Describe any institutional or program policies relating to the release of kits to students and the students' return of equipment, including any tuition payment policies that apply to the kits or equipment. Include examples of how students are informed of these policies.
5. If students are permitted to acquire published textbooks separately, state the policy that applies to this procedure.
6. For the 12-month period covered by enrollments and completions represented in the institution, compile a table that shows the statistics for each program/course of study.
7. Show the institution's refund schedule and how refunds are calculated. For example, what would be the refund due a student who had just completed the third assignment/lesson in a 12-assignment/lesson course? What about four assignments/lessons or five or six or none?
8. Refer to the exhibit and highlight where the refund policy is stated on the enrollment agreement/contract.
9. List all legal actions or other formal investigations initiated against the institution by students during the last two years because of refund or other financial issues, and indicate briefly the current status and/or disposition of each. Also list any legal actions initiated against students by the institution.
10. List any local, state, and/or federal government agency (such as the Federal Trade Commission) or consumer agency investigations and/or actions taken against the institution in the past five years. Include complaints received from non-government bodies such as the Better Business Bureaus, Chambers of Commerce, etc.
11. State if the institution operates under any local, state, or federal government consent decrees and/or orders and/or voluntary assurances of compliance. Describe fully.

#### IV. Academics - Program Objectives

##### IV.A. Description of Program Objectives

Educational program objectives are clearly defined and simply stated. They indicate the benefits for reasonably diligent students. The character, nature, quality, value, source of the instruction, and educational services that are used to help students achieve the objectives are set forth in language understood by the types of students enrolled. If a program prepares for an occupation, field of occupations, or vocation, the objectives clearly state the types of occupations for which preparation is given.

1. Provide samples of the educational objective(s) for up to five of your most popular (highest enrollments) programs. For degree-granting institutions, these five programs should include one program from each of the academic levels in your institution (associate, bachelors, master's, first professional, and/or doctorate). Explain how the objectives help the potential student decide if the program is appropriate for him or her.
2. Explain how the institution's advertising and promotional literature, both print and electronic, are in consonance with program objectives.
3. State how the program objectives relate to the kind of education or training offered and identify the expected student learning outcomes in terms of skills, knowledge, licenses, degrees, or other credentials that graduates/completers will attain.
4. Describe how the institution ensures that its program objectives are current and relevant through research and the use of consultants, subject experts, or advisory committees.
5. Describe how the learning objectives for the program and learning outcomes for the courses, research projects, dissertation and all other required academic or professional activities clearly stated. (The learning objectives should indicate the outcomes and competencies a graduate of the doctoral degree program will attain upon successful completion of the program, including expected skills, knowledge, attitudes, and insights characteristic of doctoral degree holders.)
6. Explain how the learning outcomes are advanced, focused, and scholarly, and that they provide the breadth and depth of learning required for doctoral degree programs. (Material and topics in the curricula should clearly be at the frontiers of knowledge and contribute to competence in the subject area or profession at an advanced level.)
7. If a dissertation is required in a program, explain how the program requires the student to work with a supervisory/dissertation committee that is knowledgeable in methods of graduate level study and research as well as the subject area concerned.

### Section 2: Academics Standards and Criteria

#### VII. COURSE EVALUATION

Selected individual courses are examined and evaluated under the CPCA excellence in education criteria.

The institution must submit at a minimum one forth (25%) of the courses developed in-house by the institution. In selecting the curriculum materials to be submitted to the CPCA for evaluation, the representative courses should be:

1. courses developed in-house by the institution that are broadly and fairly representative of the curriculum, for the entire degree program;
2. selected courses from each level Associates, Bachelors, Master's, and Doctorate.
3. in different subject areas that fairly represent the complete program (i.e., general education, electives, core courses, etc.).

Individual course materials are to include examinations and examination solutions, and all tools, kits, and equipment provided with the course(s).

Please contact your Certification Facilitator for how and where to send the course materials to be evaluated.

Course materials submitted as part of an institution's certification process **are not returned** to the institution; they are consumed in the review process.

CPCA Course Evaluators are selected to review and report on the institution's course materials. All Course Evaluators go through a training program and sign the Conflict of Interest Policy and the Conflict of Interest Disclosure Form before reviewing courses and/or programs for any Institution. Typically, these reviews take place in the Course Evaluator's home or office. However, if an institution offers a combination distance study/resident program, offers a courses and/or program connected seminars at off-site locations, or has an extremely large number of courses, then one or more Course Evaluators may be appointed to visit the institution and/or the location where the instruction is taking place including for an Onsite review during the time of the full Onsite Visit. Each Course Evaluator submits to the CPCA Certification Commission a written report on the courses reviewed and the location where the courses are presented.

## Section 2: Academics Standards and Criteria

### VIII. Actions by the CPCA Certification Commission

The CPCA Certification Facilitator reviews all submitted 21<sup>st</sup> Century CANDIDATE CPCA Certification Academics Section documents, and submits a report to the CPCA Certification Commission with a recommendation for the CPCA Certification Commission to schedule an Onsite Visit (or a Readiness Visit where needed).

The mission of the Onsite Visit is to verify the submitted CPCA Certification Academics Section and/or Administration Section information, and documentation. A written report of findings by the CPCA Certification Evaluators is filed with CPCA Certification Commission that tracks the institutional compliance with all 21<sup>st</sup> Century CANDIDATE CPCA Certification Academics Section Standards and Criteria.

This 21<sup>st</sup> Century CANDIDATE CPCA Certification Academics Section requires the institution to have the financial ability to pay the related travel expenses, and honorarium for two Onsite Evaluators, a third offsite Evaluator, and if required, the CPCA Course Evaluator(s).

#### **If A Readiness Visit Is Necessary**

Following submission of the CANDIDATE Certification Academics Section Requirements to the CPCA Certification Commission by the Certification Facilitator, if it is determined that the institution may not be ready for an On-Site Visit, a Readiness Visit may be scheduled by the CPCA. The mission of the Readiness Visit is to verify the information and documentation contained in the CANDIDATE Certification Requirements and assist the institution become better prepared for the On-Site Visit that will occur as part of the CANDIDATE Certification requirements.

The Readiness Visit is an onsite visit to the office of the institution usually conducted by the Certification Facilitator who has been working with the institution on the CANDIDATE Certification Requirements. The institution is financially responsible to pay the Facilitator's related travel expenses, plus an honorarium.

A written report of the Readiness Visit findings is filed by the Certification Facilitator with the CPCA Certification Commission that tracks the institutional compliance with the Certification Criteria in the CANDIDATE Certification Requirements.

A written report of findings by the CPCA Certification Facilitator is filed with CPCA Certification Commission regarding whether the items in question that prompted the Readiness Visit have been satisfied or not. If all items in question have been satisfied, the CPCA Certification Facilitator indicates that the Onsite Visit should be scheduled. If all the items in question have not been satisfied, a recommendation by the CPCA Certification Facilitator is provided.

The responsibilities for the visit are:

- The institution is responsible for providing clear, accurate and complete information and documentation.
- The institution is responsible for using the criteria to conduct an objective review.
- Both the CPCA and the institution are responsible for conducting a candid and useful examination.

Reason(s) for the Readiness Visit: [Click or tap here to enter text.](#)

### **Onsite Visit**

The institution shall have an Onsite Visit by a team of two onsite CPCA Certification Evaluators and one offsite CPCA Certification Evaluator ensuring that the institution has completed all Standards and Criteria for the CANDIDATE Administrative Section and Academics Section Certification and is ready for CANDIDATE Certification status. When Course Evaluators need to evaluate course instruction at a specified location they will also be considered to be part of the total Onsite Visit team.

The date of the Onsite Visit is to be a mutually convenient date for the institution and for the examiners. The CPCA coordinates with the institution for this activity. Since a majority of the review process is completed before the Onsite Visit, most onsite visits are accomplished in one to two days, depending upon the size of the institution.

Learning systems and methodology used by CPCA institutions range very widely; from resident education with cohort groups, to distance education, to online delivery, to individuals, keeping class records in paper grade books to cloud based Learning Management Systems. It seems that no two institutions are identical. As a result, the evaluating of where groups and/or individuals are learning, how they are learning, and the success they are having in their specific settings requires evaluation options in almost every case. Course Evaluators are selected based on specific criteria of the institution being evaluated. Course Evaluators are also a part of the Onsite Visit even if they may be at site different than the two onsite CPCA Certification Evaluators and one offsite CPCA Certification Evaluator.

The CPCA Certification Facilitator reviews all submitted CANDIDATE Certification documents and submits a report to the CPCA Certification Commission with a recommendation for the CPCA Certification Commission to schedule an On-Site Visit (or a Readiness Visit where needed).

Date On-Site Visit Scheduled: [Click or tap to enter a date.](#)

CPCA Certification Commission reviews the submitted reports from the CPCA Facilitator and the On-Site Visit Team then will take one of the following actions:

1. Grant 21<sup>ST</sup> Century CPCA CANDIDATE Certification to the institution on: [Click or tap to enter a date.](#)
2. Grant 21<sup>ST</sup> Century CPCA CANDIDATE Certification to the institution with conditions and interim requirements for a period of time not exceeding three years.
3. Based on specific cited items elect to defer granting 21<sup>ST</sup> Century CPCA CANDIDATE Certification in order for the institution to have a specified amount of time to correct the cited items.
4. Based on the review of submitted reports take action to not grant 21<sup>ST</sup> Century CPCA CANDIDATE Certification.

The CPCA Certification Commission reports the Commission's action in writing regarding the results to the institution through the CPCA Facilitator.

### **Institution Action**

An institution may voluntarily withdraw from the CANDIDATE Certification Requirements at any time. All fees paid to the CPCA are deemed to be nonrefundable.

### **Annual Requirements for Certified Institutions**

The mission of the annual requirements is to ensure that institutions with one of the four Active Certifications is adequately preparing for the next Certification.

#### **1st Annual Requirement: Preparation for Next Certification**
